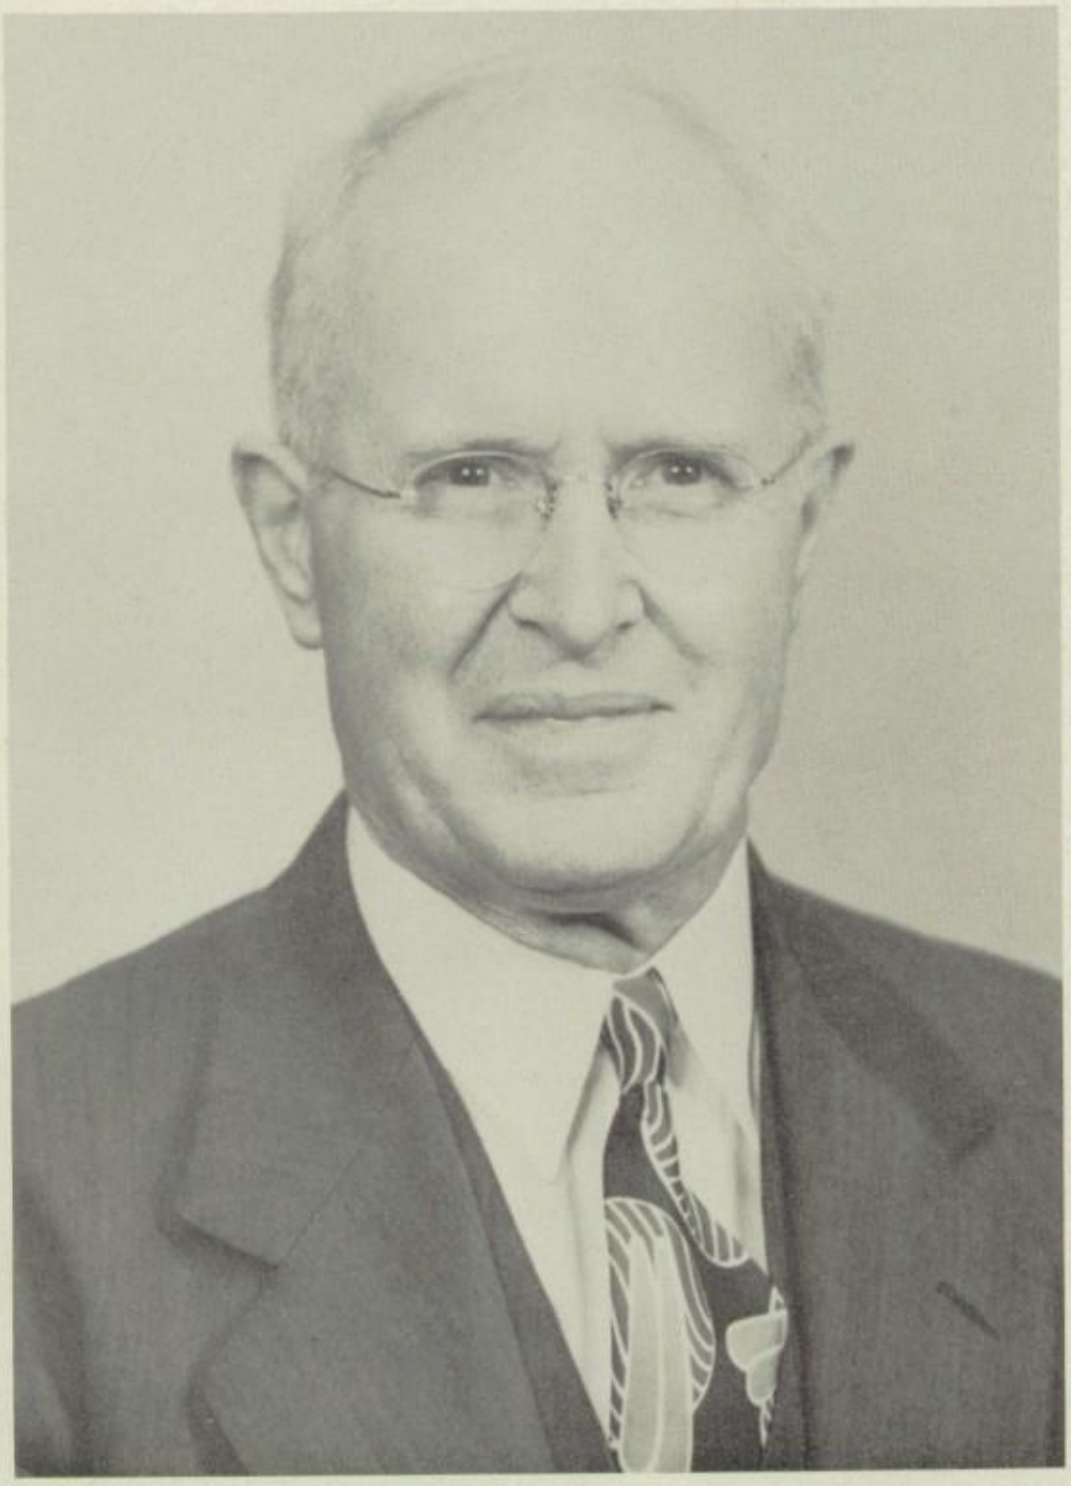
Dedication



During his long teaching career here in Ludington High School, students have learned to love and appreciate him very much. His unending faithfulness and willing co-operation have also found favor with all. Words could barely express the kindness and understanding that have been shown to everyone by this diligent co-worker. In remembrance of the good deeds that he has shown, we the class of 1951, dedicate this annual to Mr. Gail G. Owen for his untiring efforts and patience which have helped us along our way.

Seniors

As juniors this year's graduating class was quite a problem. We had controversies over our class rings which finally resulted in the students own choice of style.

We also had our own way when we decided to have the Prom at the country club. The theme of the dance was "On A Dreamer's Holiday" and the country club was cleverly decorated to associate with phrases of the song. Its success was credited to the many committees and advisors.

This year we have been kept busy also. We selected our officers, class colors, and many more important necessities which came up.

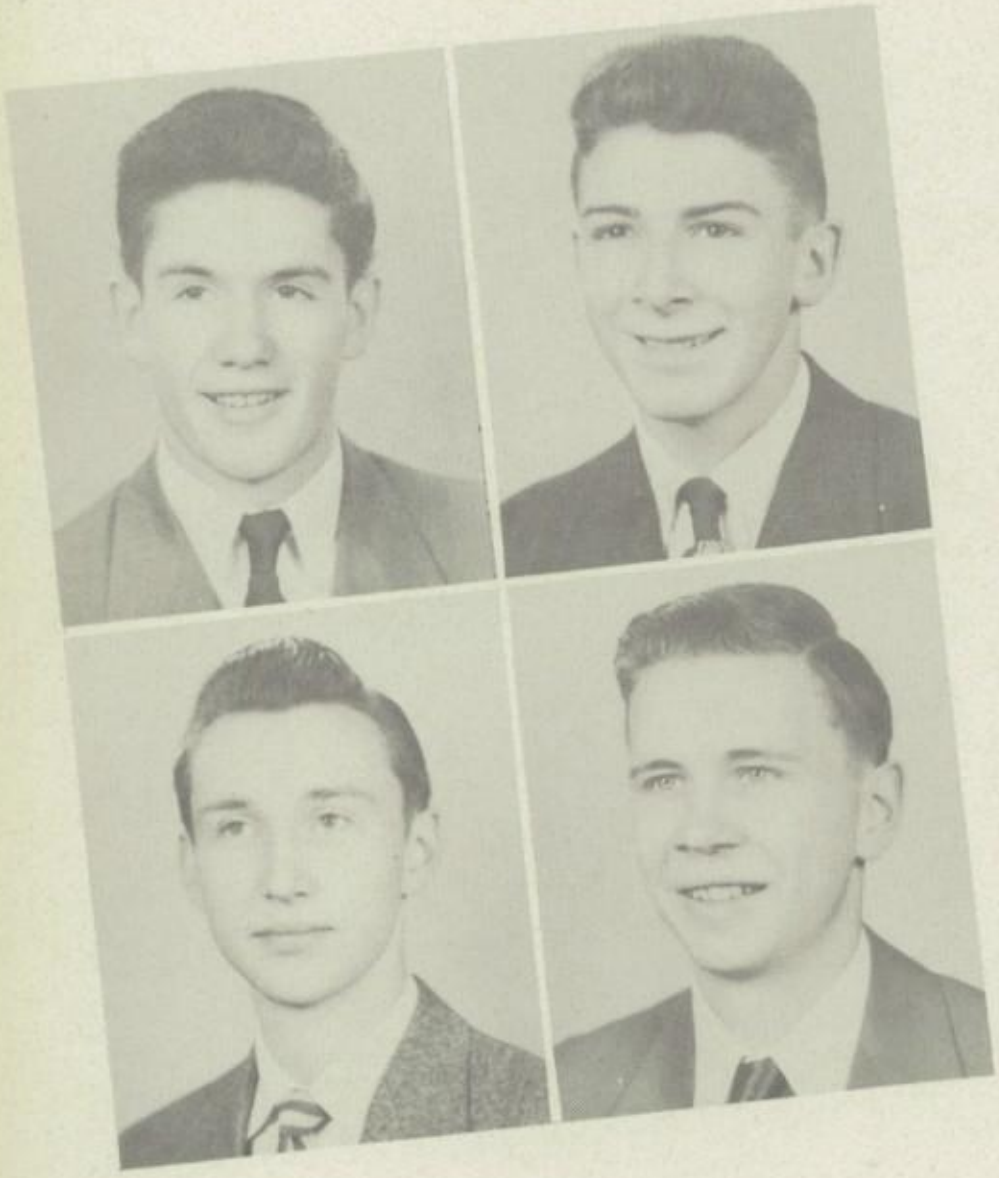
The Senior Play "Cheaper by the Dozen" was quite a hit after weeks of preparation and constant work by the cast, committees, and director. Each person did his and her best and was fully awarded with the results.

The annual skip day and senior picnic were held on May 31 and a grand time was had by all.

On June 1 the annuals were distributed.

We hope the senior class will be missed and it is with regret we leave, but proud that we're a member of the class of '51.

Dan Evans, Harold Grissen, Art Dewey, Everett Greiner, Ingmar Barbo.



FRED ADAMS has been active in athletics during his four years, being in track, football and basketball. He was in Band four years, President of freshman class, Secretary of junior class and Boys' Association and Treasurer of Hi-Y. In his senior year, Fred was Pros. Attorney, President of Physics Club and Assistant Editor of Senior Annual.

Building models, skiing, and skating are BOB ALBRECHT'S favorite hobbies. He also likes to fly. Working at Gregorys is his idea of an interesting job. He was Treasurer of Speech when he was a junior. When he finishes school he may join the Air Corps.

JACK ALKEMA is a great one for music. He has been in Boys' Chorus his junior and senior years, and in Mixed Chorus his senior year. He went out for football his sophomore year, was a member of the Speech Club his junior year and was in the Physics Club his senior year.

ROGER "Putta" ANDERSON is one of the quietest boys in the senior class. His favorite sport is basketball as his record shows for he has gone out for it his four years of school. He played football his freshman year and has been a member of the Varsity Club for two years. His last year he was a Librarian.

Seniors

BETHLYANN ANDERSON has been a very busy gal her four years. She played softball, basketball, volleyball, soccer, and also the G.A.A. which she was a member for three years. She was Chairman of Prom Committee, portrayed Miss Brill in the Senior Play, and was a member of Y-Teens, the Physics, and the English Club in her last two years.

If you've been wondering who the tall, blonde, quiet senior is, it probably will be PHILIP ANDERSEN. Phil has been taking printing and he has printed the tickets for many of the school activities such as the Senior Play. Philip spends most of his spare time either at the shop or at Vorac's Shoe Store where he has been working.

"All State Stuey" as his friends call him is really STUART ANDERSON. His interest in sports and winning of letters has entitled him to be in the Varsity Club. Sports are not the only things he is interested in as his interest in the Speech Club shows, some fine programs were put on under his capable leadership as Program Chairman.

ARLENE ANTHONY is quiet, but very sweet and makes friends very easily. She is one of the senior girls who has her diamond. "Arkie" has worked at Newberry's the last two years and hasn't had too much time for after school activities. Her freshman year she went out for all the girl's sports and was a member of the Y-Teens.

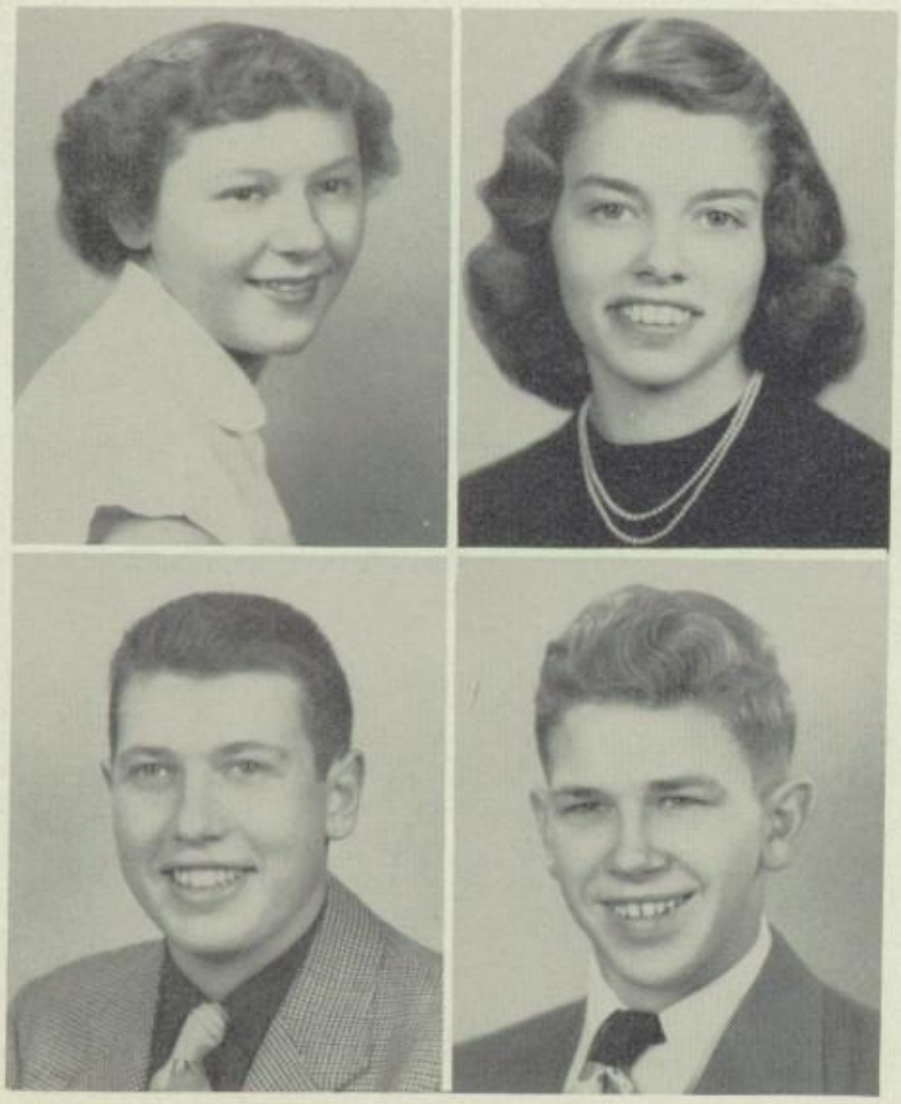
One of LYLE ANTHONY'S favorite pastimes is riding around in his "puddle jumper" or his "hot rod." Lyle has been busy working most of this year as a bell hop at the Stearns Hotel, but even though he worked he found time to play the cymbals for the Band. What he hopes to accomplish after graduation is anyone's guess.

Watch out for this fellow! He's one of those school characters who spend their time keeping other people out of mischief and apprehending those who do break the rules of the school. Yes, it's LOWELL BAILEY, Chief of the Student Police. Certainly a good fellow to know at times and not to know at other times.

WAYNE BAILEY is a very quiet young man. His activities in school have been few, but he has been especially interested in Art. He is very keen on sailing, in fact, he has read just about all our library books on sailing and intends to make a career of it. Outside of the school, he partakes in a lot of hunting and fishing.

Although music has taken up a lot of MARY LOU BARNETT'S time, she has taken part in many activities. All four years she has been in Band, Orchestra, and Assembly Band. She was in S.T.C.C. one year and Chairman of the Junior Prom. She was President of Y-Teens, played "Earnestine" in the Senior Play, was on the Queen's Court, and was Advertising Editor on the Annual her senior year.

Seniors



ALICE BECKER'S main interest in L.H.S. so it seems has been music and sports. Although she is more on the quiet side, she participated in the Girls' Chorus and played baseball. She also was a member of the G.A.A. for one year and all four years a member of the Girls' League.

DORIS BORTZ has been one of our cute, capable, cheerleaders for three years. Proof of her athletic ability lies in the fact that she belonged to G.A.A., and played basketball, softball, volleyball, and soccer. She has also been active in the S.T.C.C., Speech Club, Y-Teens, and on the Annual and Oriole Life Staff.

BOB BRODY has proved to be a "beaver" member scholastically of our class. Why? Brown Nez Club, which is composed of the Senior English Class and a Physics Club member during his senior year. Bob was the man behind the stage during the Senior Play where he controlled the curtains and did a very good job as General Stage Hand.

JACK BROWN has a very impressive record as a thinclad and as a star Halfback for the Oriole football teams. He won the Most Valuable Player award for 1950 and was elected a post on the honorary 1950 North Central Conference team. He is a member of the Oriole Life Staff, the Varsity Club and the Boys' Association.

SHIRLEY BROZZO has taken part in many activities in school having been in band for four years and a Majorette two years. She has been a member of the Y-Teens for four years, in S.T.C.C. two years, a member of Drama Club in senior year, and in the Queen's Court. She played the part of "Anne" in the Senior Play.

BETTY BRYE . . . It seems as though modeling is what interests Betty most next to Jack that is. She has been Senior Representative of the Girls' League, Vice President of Drama Club, and was on the Queen's Court. Betty also worked in the bookstore and was Business Manager of the Senior Annual. She took a College Preparatory Course.

HOBART BURNS who has always been willing to lend assistance on any school project is known to everyone around school as "Coon." He was one of the family in the Senior Play. In his Sophomore year he was out for track and football. He has been in Varsity Club the last three years and a member of Journalism Class and Speech Club the last year.

PATRICIA CARBERRY is one of those elusive gals who manages to keep busy minding her own business. Her accomplishments in high school were hard work in her courses and leaving with all her teachers and friends the impression of a sweet gal with a wonderful personality.

Seniors

LOUIS CARLSON has been one of the more quiet boys in the senior class. Although his shyness has not kept him from participating in football and track. And to cure his quietness Louie was a member of the Speech Club in his senior year.

ROCHELLE CARLSON'S job at Kuras' has taken up most of "Rocky's" time. She was in Y-Teens in her freshman year and G.A.A. her freshman and sophomore years. She also was a member of the Speech Club in her senior year. "Rocky" is taking a College Preparatory Course.

Silent ROBERT CARTO, speaks only when necessary, but can and does when he sees the necessity. Representing the class on the S.T.C.C., basketball, Physics Club, and as member of the Property Committee of the Senior Play are among his accomplishments.

BETH COLBY is another one of the senior girls who is on the quiet side. Despite this she was a member of Band for two years and Mixed Chorus four years. Her last year she was a Representative in the Girls' League.

SALLY ANN CHARPIE was one of those elusive girls who who always seemed busy. Sally has been with us only a year, but she has accomplished quite a bit. After a glance at her activities which include membership in Y-Teens, Drama Club, "Brun Nez," Speech Club, and Senior Play, you wouldn't think she was so quiet after all.

If you see a little blonde blue eyed girl running through the halls giggling it's BEVERLY COLLINS. Beverly hails from Sault Saint Marie High where she attended her freshman and sophomore years. Her interest is drama and was elected President of the Dramatics Club. She worked on various committees for the Junior Prom and the Senior Play.

JERRY COLVIN'S first love is his car (pardon the expression.) He was in the Band and Assembly Band for four years. He went out for football, was Vice President of the sophomore class and President of the junior class. He also was in charge of the lighting for the Senior Play and all must agree he did a very good job.

BEATRICE COOPER is another one of the senior girls who has her future planned, because of that certain fellow and that ring on her third finger, left hand. She has taken quite a part in the Music Department with homecoming decorations and Christmas floats.

Seniors

DELORES CORY has taken part in a variety of activities her four years of L.H.S. She has been a member of Y-Teens and G.A.A. She also has worked as a typist for the school paper. Besides these she has been a Monitor and has been in Girls' Chorus. Her hobby is sports and she has played various girls sports.

RUTH CRAWFORD was another one of those students who have been inclined to be quiet during their high school career. Her one main interest seemed to be along the musical line and in this field she was quite active in Choir. Ruth took a Commercial Course and plans on doing some kind of commercial work after graduation.

FLOSSIE DAINS is one of the more quiet, conservative girls around school. You have to be alert or you won't even glimpse her as she hurries through the halls or sits quietly in her classes. However, she did come out of hiding long enough to be a member of the Girls' League four years and sell subscriptions for the Annual her senior year.

NORMA DE JONGE has been very active during her career at L.H.S. She has been in Band, Y-Teens, G.A.A., basketball, and volleyball. She has also been in baseball her first and second, Girls' Glee Club and Girls' League Representative her third, and Girls' League Vice President her fourth year.

GARALD DERBY came to L.H.S. in his junior year. He has been in Band for three years, was in Speech Club and Physics Club in his senior year, and was a member of the Rod and Gun Club in his sophomore year. "Derby's" favorite pastime is hunting. (Incidentally, his father is Conservation Officer at State Park.) He is taking a College Course.

ROSS DES ENFANTS, better known as "Dusty," has been busy in sports and in other activities. He served as Prosecuting Attorney on the Student Court last year and was a member of the S.T.C.C. He has found time to be in basketball and football. He also played in the Band. Last year he was the opponent of Gene Goff for the office of Mayor.

If you ever wondered why it was you didn't see BENNY DIBBLE around much, it was probably because he was at Shop. He was another of those students who was inclined to be more interested in hunting and fishing than Academic subjects. Benny was a student who took a Vocational Course too.

Though a quiet girl, LOIDA DIPPLE has been very active in Ludington High. She has been very active in the Music Department of the school. She has been a member of the Band, Assembly Band, Orchestra. Also on the musical line she has been a member of Mixed Chorus. Loida has taken an active part in L.H.S. retaining membership in G.A.A., and playing basketball, soccer, and volleyball, too.

Seniors

Like many other fellows in his class, he had his special car, which was very undependable. Ronald has been a member of the Student Police and has taken Speech.

When BILL HARPER finished school, he plans to go into the floral business. He has had a good start by working the past year at Gregory's. IRIS MINEY'S motto by all means is not "Silence is golden." She is a very happy-go-lucky person and when she's near by you can pick her out of the group by her giggles. Here's another of those fellows who belonged to that Elite Organization at school made up of characters who enjoy headaches. Although in this case MELVIN SODERSTROM didn't own a Model "A." He did have a Buick about which he would gladly take time out of any class to tell you. "Sodie" was a member of the Hi-Y and Mixed Chorus.

G.A.A. seems to have taken up a good deal of LOIS SONERALS' time during her four years in high school, for she was a member for three years, and served as Treasurer. However, along with her abilities, she has a combination of friendliness and beauty which helped secure her an honored place on the queen's homecoming court.

With a combination of friendliness and studiousness, JEAN STEWART has managed to end her four years at L.H.S. with a good record. One of her main interests, however, was Orchestra in which she played during her first three years of high school. She also showed her school spirit by participating in the Booster Club.

JUNIOR STIELSTRA a versatile athlete as his football, basketball, and track records show, is one of the "Orioles" best hard driving Fullbacks, a "dead" shot when playing Center for the Oriole five, and high point man when running with the Oriole thinclads. One of our better students, he does very well in his studies and sports. Junior also is a member of the Varsity Club and Boys' Association.

MARILYN SWANSON was a very quiet person in school and you probably never noticed her unless you happened to be down in the office the first or fifth period helping Frances. She was in Girls' League while in school, too. Since Marilyn took a Commercial Course, she intended to enter the Commercial field after graduation.

HERB TACTOR'S talents seem to be centered around public speaking, sports, and law enforcement. He served on the Student Police Force his junior year. He was a football Manager and a member of the Varsity Club his senior year. He was a member of the Speech Club and the Journalism Class, also in his senior year.

BRYAN "Toogie" TAGGERT was well known around school for his silly remarks and for "Pop" in the Senior Play. His senior year was a busy one for he was in the S.T.C.C., Speech Club, on the Annual Staff, and in charge of homecoming festivities. "Toogie" took a College Course and plans to go to Michigan State.

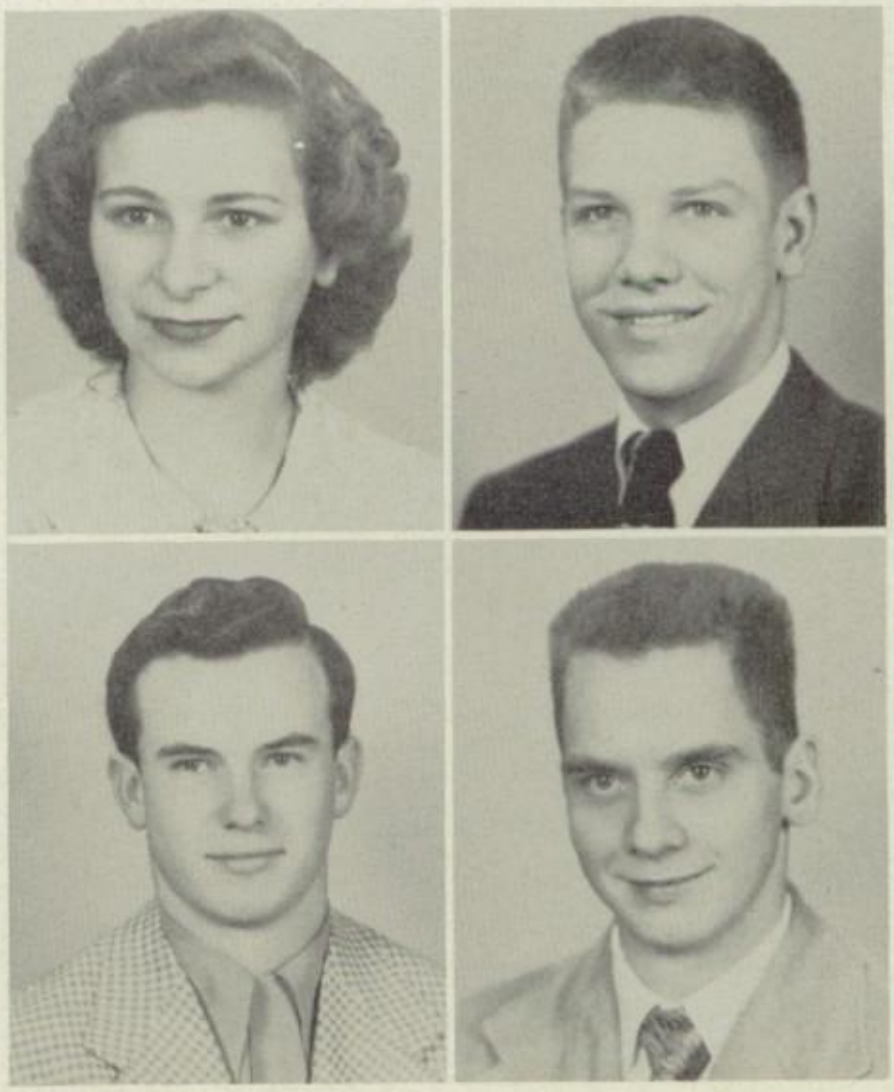
Seniors

MILDRED TAYLOR was a musical minded girl from all appearances, because she spent three years in the Mixed Choir and two years in Girls' Chorus. She also participated in Girls' League activities. Mildred took a General Course and as yet is undecided about her future.

CAROL THOMSEN has been one of our outstanding athletes in school. He has played football and basketball and went out for track. He was a member of the Physics Club and the S.T.C.C. "Keyo" as he is called by his friends is another "A" man around school. He tries desperately to keep the heap running, but he does most of the running.

CHARLES TOWNS can be seen anytime of the year, either riding around in his car or else working for his uncle driving trucks, bulldozers or what have you. This has kept him quite busy and he hasn't had time for school activities although he did go out for football and he was a member of the Speech Club.

EUGENE TOWNS, known to many as "Eugenius," is one of the class characters. It seemed like there wasn't a minute in which he didn't have some joke to tell. E. T. has been kept busy his four years with track and football. He was one of the ambitious persons who worked in the Library and also was a member of the Mixed Chorus.



HELEN VANDERVEST is one of the very quiet girls of the class and hasn't been in too many activities her four years of school. It seems that her only interest was when she took Journalism. It must be that she liked to get news for the paper and it kept her busy, yet she didn't have to say much.

BOB WARNER was a popular and busy fellow around school. He has a long list of activities ranging from the Junior Prom Committee to Co-Editor of Oriole Life, but including membership in the Camera, Drama, and Library Clubs, Band, Hi-Y, and Student Police. We'll all agree that he has been one of the busiest students in our class.

A loud cry of "Gracie" resounds through the halls and if you don't know who the girl is, her name is GRACE WHITAKER. Grace to her friends, has been active in most of the girls organizations here at L.H.S. She was a member of the Booster Club during her freshman year and also a Monitor for two years.

JACKIE WILLIS, although small, has taken part in many activities. Her two main interests while in L.H.S. have been Art and the Vocal Music Department which has taken up most of her time. She also has participated in such sports as softball, basketball, and speedball. She was a member of the G.A.A. She has taken a Commercial Course.

Seniors

JOAN ZIEMKOWSKI is one of these wonderful gals who can be depended on to lend a hand on any project. She has been in the Girls' Chorus, Secretary of the G.A.A., and has been active in sports. During her senior year she was Class Secretary, a member of the Physics, Drama, and Brun Nez Clubs. She helped on the Senior Play and the Annual.

Everybody in school knew EDDIE SPRAGUE, because he was always ready and willing to lend a hand to any project. During his four years of school Ed was a member of many organizations, including the Camera Club, Student Police, and the Physics Club for the first semester of his senior year, at the end of which he joined the U. S. Air Force.

Senior Play

STANDING: Bethlyann Anderson, Miss Brill; Norma DeJonge, Mrs. Fitzgerald; Mary Lou Barnett, Earnestine; Shirley Brozzo, Ann; Dick Sorenson, Frank; Ed Gibson, Bill; Hobart Burns, Fred; Jim Fitch, Dan; Bill Harper, Doctor Burton; Fred Adams, Larry; Warden Martinsen, Joe Scales. SITTING: Sally Charpie, Lillian; Joanne Jorgenson, Martha; Bryan Taggart, Mr. Gilbreth; Marietta Hallberg, Mrs. Gilbreth; Jim Fisher the youngest; Doug Middleton, Jack.

"Cheaper By The Dozen," by Frank Gilbreth Jr. and Ernestine Gilbreth Carney, a rollicking comedy, has been considered the best Senior Play in years.

It is a delightful story about a rather large American family whose father is a terrific efficiency expert. The father establishes a democratic family council to work out family problems. Most of these problems are wonderfully solved except those concerning the eldest daughter, Anne. She rebels against her father's too old fashioned ideas and almost upsets her father's plans for the future. However, they finally come to a mutual understanding after many humorous incidents. Although this play is very amusing it has genuine beauty and meaning.

Class Prophecy

It all happened because of Dick Dodd's persistence. When in Custer, he insisted that we visit Madam La Fake, the world famed fortune teller. Midnight found us knocking at the door of an old dilapidated, clapboard house. The door silently opened. A hollow voice mockingly bade us enter. As I crossed the threshold I felt a slight inward tremor and found out later that Dick experienced the same feeling. The owner of the voice guided us through many dark and gloomy passages, until at last we were led into a long low room, inhabited by spiders and cobwebs. We were seated before a table completely covered by a black cloth. With little or no fright we waited for what seemed four years. BOOM!!! BANG*!!? A deafening explosion startled our senses. The Purple smoke floated away and there on the altar in a calm repose sat a hideous old hag-Madam La Fake!

"Gentlemen, what do you desire?"

I was too frightened to speak.

"We wish to know the future of the class of 1951 of Ludington High School," answered Dick in a shaken tone.

Immediately she passed into a kind of stupor, and began to recite names and deeds of the members of the class. Drama Club

The main interest of those who join the Drama Club lies in learning of the fundamentals of dramatization and in the learning about various things connected with it, such as make-up. They also obtain some actual experience by helping with the Senior Play as they did this year or even giving a production of their own.

Library Club

Under the supervision of Miss Stanford, the Library Club functions very well. Upper classmen take charge of the library during the day. A credit is given for library work if twelve units in library science have been completed. On the lighter side of the librarians' duties is the Faculty Tea given during Book Week each year. A definite service is rendered to the students by this organization.

Y-Teens

The Y-Teens is a Christian organization affiliated with the Y. W. C. A. and the counterpart of the Hi-Y. During this year they sent a CARE package to Europe, had several successful small parties, caroled at Christmastime, and sponsored a formal party. Many new girls joined the club this year and were initiated by a beautiful formal gathering which followed a riotous informal initiation.

Hi-Y

In its second year of existence here at Ludington High School, the Hi-Y has continued along its path to develop into an important organization. This organization, under the direction of Mr. Dan Dewey, is associated with the Y. M. C. A. Officers for this year are: Bob Warner, President; Bruce Bartlette, Vice President; Ron Dewey, Secretary; Fred Adams, Treasurer.

Speech Club

This is a class that has organized into a club under the direction of Mrs. Mueller. The class is practical as well as cultural. The class members introduce speakers for our assemblies and originate skits for pep assemblies. The class learns about parliamentary procedure and also hears several outside speakers. The course is climaxed at the end of the year with the "All Fools Banquet."

Debate Club

Resolved: "That the American people should reject the welfare state" was the topic for this year. Seven debaters argued the pro's and con's of the above resolution under the coaching of Mr. Grissen. The squad attends both out of town tournaments as well as receiving visitors from the other schools while following a regular schedule set up earlier this year.

STANDING: Harry Gibson, Elwyn Kinney, Ron Dewey, Mark Outcalt, Mr. Harold Grissen. SITTING: Karen Lunde, Shelia Nugent, Barbara Smith.

Under the directorship of Fred Dean the 100 piece band began the year by introducing the Twinkle-Toe lights to Michigan. These lights made the band's blackout drills beautiful performances to witness. The highlights of the successful 1951 concert season were the exchange concerts with Grand Rapids South High.

Officers of the band are: Dick Sorenson, Assistant Director and 1st Lt.; Capt. Jim Fitch, 1st Lt. Ron Dewey, 2nd Lt. Bob Warner, 2nd Lt. Mary Lou Barnett, 2nd Lt. Barbara Rohn. 2nd Lt. Composed mostly of journalism students, this group of workers is always busy trying to maintain a student publication of high quality that will please everyone. In addition to this publication, the staff holds an annual party to which are invited all other non-journalism students that help prepare the paper throughout the year.

Oriole Life

Co-Op

This is another of the many school attempts to better prepare the student to adjust himself in the world after graduation. The student not only receives training, and a credit for a full year of work; but also is able to earn money. Valdo W. Smith is co-ordinator of this program.

Brun Nez

The members of the Senior English Class wished to have a vehicle for full expression of the entire individual. Thus the Brun Nez came into being. The members' aim is to express themselves adequately by creative writing, dramatization and a general arts program.

Physics Club

Each year a group of ardent students take Physics and therefore become members of the Physics Club. This club under the directorship of Dean Johnston sponsors Do-Nut Sales and dances to finance their annual trip to Chicago. While in Chicago the club visits museums and other educational institutions.

Varsity Club

To belong to this club the member must have earned at least one high school letter in either player or manager capacities in a sport. This club organized in 1948 has worked on many projects, the biggest being the purchase of a scoreboard for Oriole Field and for Oriole Hall. This club is under the advisorship of Coach McNutt. This club also sponsored several trips for members to watch college games at Lansing.

Girls' Athletic Association

One of the main functions of this association is the supervision of various tournaments in which the girls participate. Among them are basketball, softball, and soccer. Another important function is the awarding of the school letters which are obtained through a system set up by the association a few years ago.

Bus Drivers

Our school is very fortunate to have drivers whose excellent safety record is very gratifying. We are all thankful for their sense of responsibility and the good work they are doing. They have a thankless duty, yet we hope they have a feeling of satisfaction for doing a necessary service to the country students and the school.

Every year Ludington High School celebrates Homecoming and it has become one of our traditions. This year on October 27, D. Hale Brake crowned Joanne Jorgensen Queen of Homecoming during a spectacular half-time ceremony. The band added to the show by executing difficult formations, including a heart pierced by an arrow. Following the game, Queen Joanne reigned at the Homecoming dance.

Football

Although ending the season with a 5 and 4 record, the Orioles displayed power many times, first showing it by holding Class A Grand Haven to a 13 to 12 score. Inability to stop a last period Grand Haven drive lost the game for them.

The following week against Manistee, the Orioles put on one of the greatest scoring exhibitions ever seen at Oriole Field by swamping the Chips 50 to 0 with everybody scoring.

Journeying to Mount Pleasant for the third game the Orioles failed to live up to the reputation set in the two previous games. Trailing 6 to 0 at the end of three quarters, they started to drive in the fourth quarter, ending up on top--20 to 6.

At Big Rapids the Orioles came against a team that was up and ready for them. Thanks to a 95-yard kickoff returned by DesEnfants, Ludington won 13 to 6.

Against Reed City, Ludington ran into an unstoppable passing attack and came out on the short end of a 26 to 0 score.

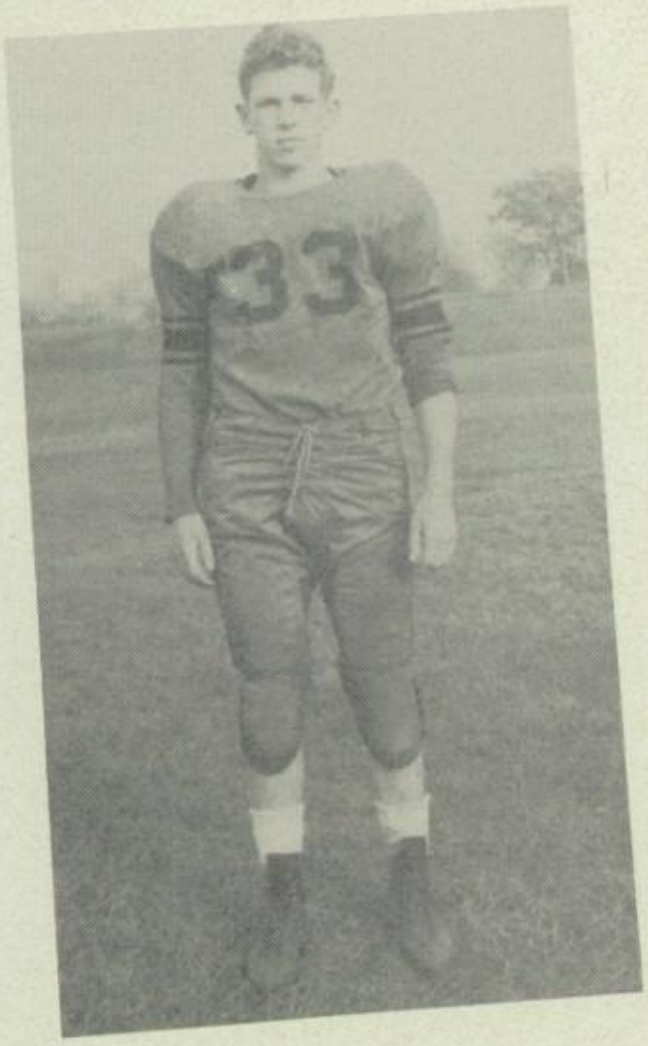
Returning to Ludington October 20, the Orioles ran into a big, rough Traverse City squad. Showing little teamwork or power, they lost 31 to 7 in one of the roughest games of the season.

October 17, Homecoming against Cadillac, trailing at half 25 to 0, the Orioles went on to display the greatest power football seen in Ludville in years. Using Russ "Bull" Carlson, they ran all over the Vikings in the second half.---- Final score Cadillac 25 to 7.

On the road for the two final games, the Orioles went to Manistee, struck early and led 27 to 0.

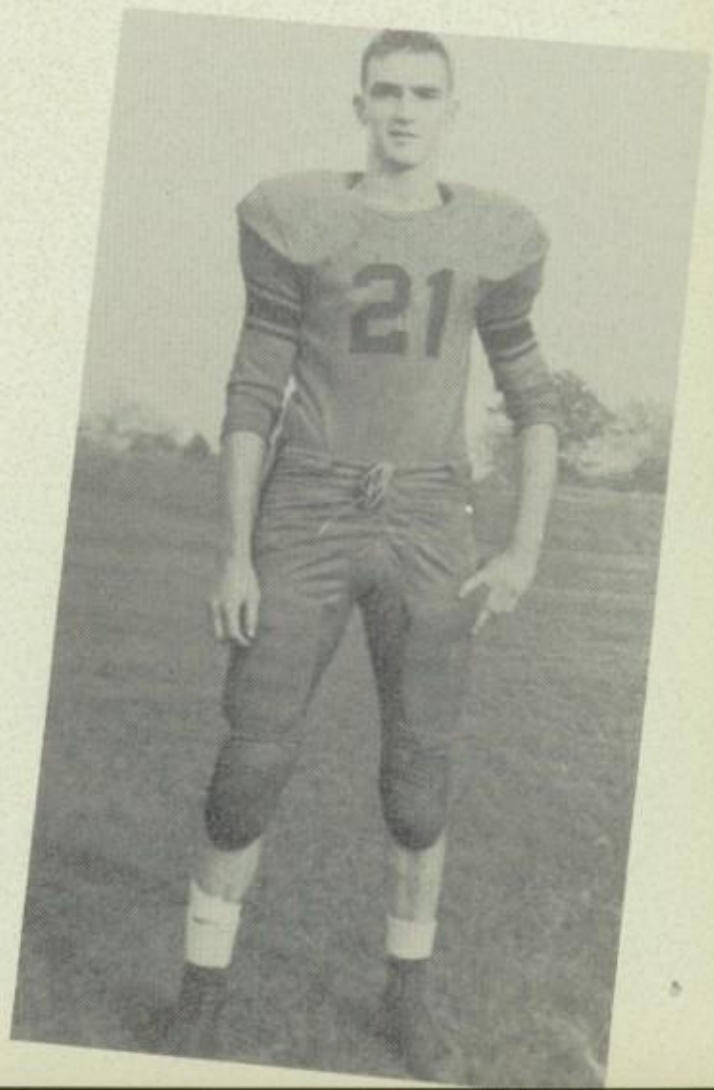
November 1- cold and windy at Fremont; failing to get started they ended the half 6 to 6. In the second half they returned to old form by scoring 32 points ending the game with a 38 to 6 win.

To TRAPPER, JIM and MAC we would like to dedicate the sports section of the '51 Oriole. These men have coached us during our four years and have proved to be real friends.



JACK BROWN

"Most Valuable" - "All Conference." It's plain to see how valuable Brownie was to the Team. Although one of the smallest guards on the team he was classified as the best downfield blocker in the conference. Jack was selected most valuable senior by the Oriole fans in a very close race.



JUNIOR STIELSTRA

Two years all conference. This fleet footed back has proved his ability as one of the outstanding ball carriers in the conference. Although hampered by injuries in his junior and senior years he remained the leading ground gainer in the backfield. Plus his running ability Junior also handled the team's punting.

Our Varsity squad had some very tough luck this year but by losing very close games to some of the top teams in the region they did prove outstanding competitors. By employing a fastbreak most of the year, Ludington came to be considered the most dangerous team in the conference. Throwing a scare into unbeaten Cadillac by forcing them into overtime was probably the outstanding feature of the year. The conference's leading scorer Junior Stielstra was given a position on the all conference team.

SECOND: Ken Marshall, Kay Ferris, Larry Wilson, Ralph Penland, Tom Coleman.
KNEELING: Dick Carr, Frank Schaner, Jerry Foster, Terry Ferris, Jack Heglund, Jim Anderson.

The Reserves did it again! Featuring great height and classy ball handling the Reserves swept through their season undefeated. Two Freshman additions, skyscraping Pete Tillotson and Tom Johnson, proved to be the deciding factors in lengthening the string of victories. Although they lost several stars from last years team, the "Little Orioles" came through the season with only a very few close games.
